

Project Design Phase-I

Solution Architecture

Date	25-10-2023
Team ID	NM2023TMID00524
Project Name	Drug traceability
Maximum Marks	4 Marks

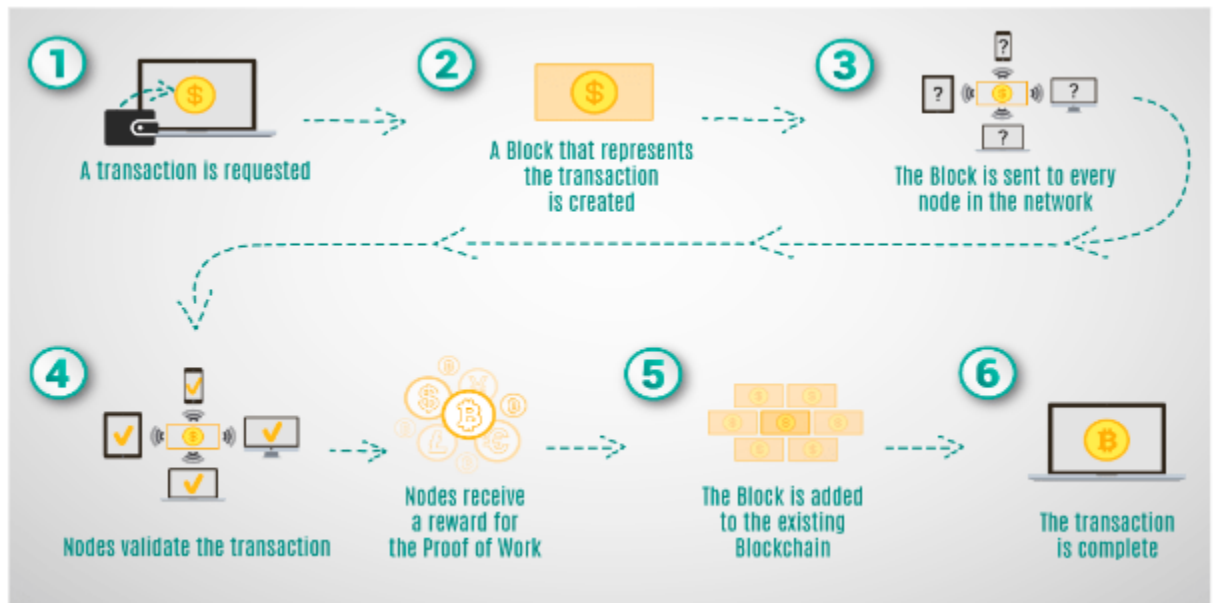

Solution Architecture:

Solution architecture is a complex process – with many sub-processes – that bridges the gap between business problems and technology solutions. Its goals are to:

- ☐ Enable transparent tracking of pharmaceutical products throughout the supply chain.
- ☐ Provide a secure and tamper-resistant ledger for data integrity.
- ☐ Facilitate adherence to regulatory requirements and quality standards.
- ☐ Enable real-time tracking and tracing of drug products.
